To Be a Military Sniper Gregory Mast Hans Halberstadt

This book will not teach you how to be a military sniper or what it would be like to be one. It does not have that sort of detail. It reads like a set of expanded, selected course notes, and with its many pictures, it is almost as much a picture book as an overview of the course. There is no bibliography. Reading it in mind of its intended purpose and limitations, it is an interesting book.
